CENGAGE Learning™

Get a new view of the world

Insightful. In-depth. Engaging. Empowering. *Global Issues in Context* is a new e-resource that offers global news and perspectives on issues and events of international importance and provides background on them in context.

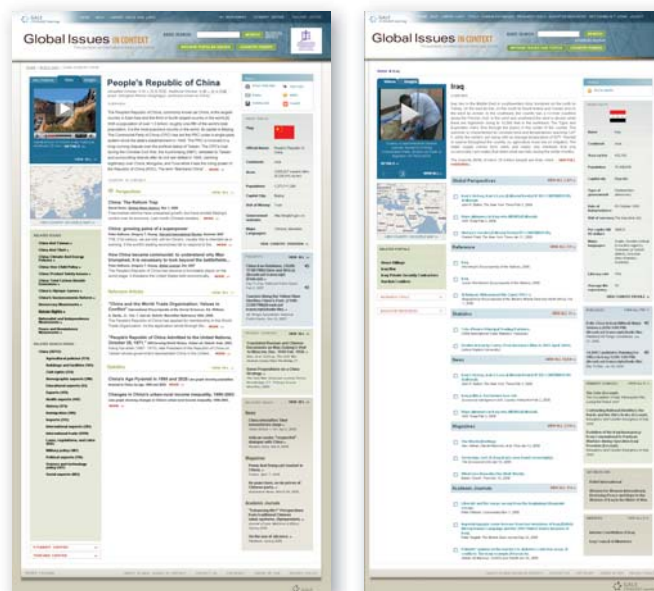

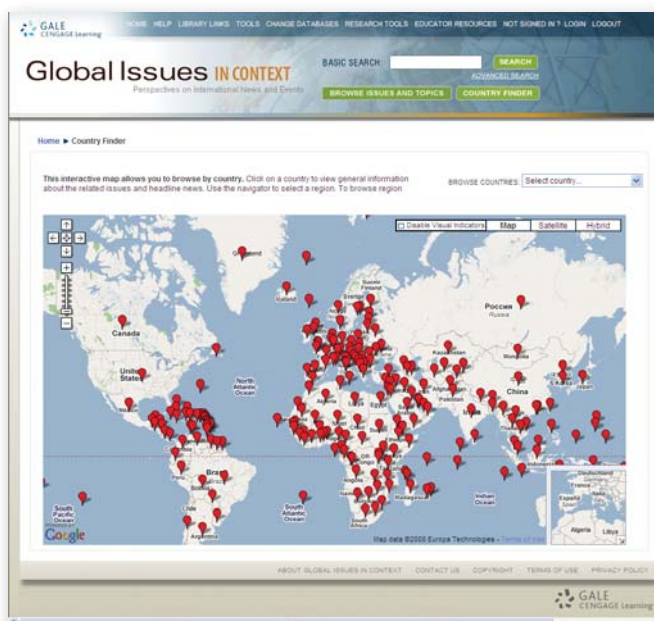

Global Issues in Context delivers the tools for understanding the state of the world today. With a balanced selection of articles, references, video, audio, images and more to support the search for current, authoritative and accurate information.

Coverage of broad issues – like human rights, world trade and climate change – is complemented by more narrowly focused subjects, such as the genocide in Darfur and the product safety of Chinese-made products. Together, this depth of content ensures an eye-opening and thought-provoking research experience.

Global Issues in Context is your connection to...

The *content* users need:

- 250+ issue and 190+ country portals for background information and current thoughts from English-language sources worldwide
- 400+ full-text magazines, academic journals and newspapers to reach a range of users
- Podcasts, video and interactive graphics to increase understanding
- Continuous updates including news article additions three times daily to stay current with breaking news
- Hundreds of overviews created specifically for *Global Issues in Context* by academics and professionals worldwide

The *technology* that facilitates research success:

- Website interface appeal and intuitive navigation
- Browsing choices, including the Country Finder feature
- Customizable homepage and eight-language translation
- ReadSpeaker text-to-speech technology to support differentiated learning
- Web 2.0 tools

Global Issues in Context is ideal for a diverse audience who want to access coverage that goes beyond that of local news sources to explore issues and events in more depth.
