#### **Collection titles include:**

##### ***Gale Encyclopedia of Psychology***

This resource covers the entire spectrum of psychology, including: notable people, theories and terms; landmark case studies and experiments; applications of psychology in advertising, medicine and sports; and career information. Topics include: Abnormal psychology; Bipolar disorder; Dyslexia; Sigmund Freud; Insomnia and hundreds more.

Gale, 1 volume  
ISBN: 9780787677459

##### ***Encyclopedia of Population***

Provides up-to-date coverage of demographic topics both in the core field and in neighboring disciplines. Designed to encompass the large-scale changes in emphasis and research directions in population studies during the last 20 years, topics covered include: rapid demographic expansion in poor countries, low fertility rates and problems of old-age support, the environmental impact of dense population; the press for expanded reproductive rights; and much more.

Macmillan Reference USA, 2 volumes  
ISBN: 9780028659176

##### ***Encyclopedia of Crime & Justice***

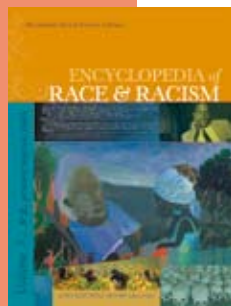

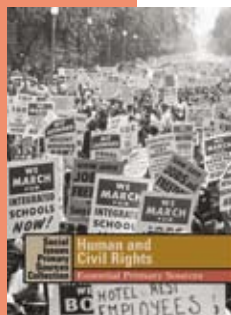

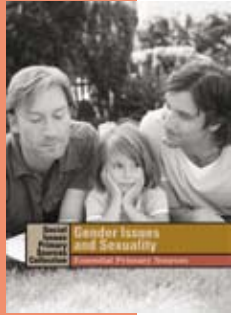

A unique interdisciplinary source, dealing with not only law but also sociology, psychology, history and economics. With entries ranging widely from abortion to rape and from family violence to wiretapping, the encyclopedia offers a true mirror of issues dominating today's headlines.

Macmillan Reference USA, 4 volumes  
ISBN: 9780028658988

##### ***Encyclopedia of Sex & Gender***

Encompasses the various concepts of sex and gender as well as the emerging re-imagining of the more traditional humanities and social sciences. The title addresses issues of sex and gender at the personal and the social level; examines issues of identity, status, class, ethnicity, race, and nation; of sexuality and the body; of social institutions and the structures of representation. With a truly global perspective, topics include changing conceptions of "the feminine," the family and masculinity, religion, morality, cultural images, medical practice, public health, society and many more.

Macmillan Reference USA, 4 volumes  
ISBN: 9780028661155

### ***Encyclopedia of Race & Racism***

Examines the anthropological, sociological, historical, economic, and scientific theories of race and racism in the modern era. The set delves into the historic origins of ideas of race and racism and explores their social and scientific consequences. The set includes biographies of dozens of significant theorists, as well as political and social leaders and notorious racists.

Macmillan Reference USA, 3 volumes  
ISBN: 9780028661162

### ***Climate Change in Context***

A comprehensive guide to the key topic of climate change, including global warming. The title offers coverage of the history, politics, and ethical debates related to climate change, including the impact of climate change on daily life, trade and commerce, travel, and the future of both industrialized and impoverished nations.

Gale, 2 volumes  
ISBN: 9781414437088

### ***Extremist Groups: Information for Students***

Provides an overview and history of worldwide extremist organizations that are active today. Focuses on when and why the groups were established, their agendas and tactics, and government and civilian efforts to counter them. Aryan Nations, Operation Rescue, Earth First!, Al Qaeda, and Basque Euskadi Ta Askatasuna (ETA) are among the groups featured.

Gale, 2 volumes  
ISBN: 9781414404837

### ***Encyclopedia of Children & Childhood: In History and Society***

Presents the social and cultural history of childhood from antiquity to the present. The title examines the history of education, parenting, child labor, economics, images of childhood, children's literature, play, toys and games, health, physiology, law, the criminal justice system and social welfare. Articles include information on childhood in cultures throughout the world.

Macmillan Reference USA, 3 volumes  
ISBN: 9780028659152

### ***Immigration & Multiculturalism: Essential Primary Sources***

Immigration and Multiculturalism offers insight into two centuries of global changes in populations and cultures. Each title contains full or excerpted documents--speeches, legislation, magazine and newspaper articles, essays, memoirs, letters, interviews, novels, songs, and works of art - as well as overview information that places each document in context.

Gale, 1 volume  
ISBN: 9781414412658

### ***Encyclopedia of Sociology***

Covering core issues in the field of sociology such as race, poverty, violence, economics, pregnancy and abortion have been updated and expanded, and completely new articles have been written on topics such as the Internet, privacy and epidemiology.

Macmillan Reference USA, 5 volumes  
ISBN: 9780028658995

### ***Encyclopedia of Aging***

Encompassing all aspects of aging, the title covers a variety of disciplines - biology, medicine, economics, law psychology, sociology and history - the encyclopedia explores related issues such as religion, spirituality, and ethics.

Macmillan Reference USA, 4 volumes  
ISBN: 9780028658797

### ***Encyclopedia of World Cultures***

Lists and describes more than 1,500 global cultures. Based on research of social scientists, it is the source for historical, social, political, economic, linguistic, religious, and other information on virtually every existing culture.

Macmillan Reference USA, 10 volume set  
ISBN: 9780028660868
