

# Gale Knowledge Portals

A world of information at your fingertips

Gale Knowledge Portals are a new generation of resources from Gale providing image rich, dynamic, online resources. Designed to be a comprehensive multidisciplinary one-stop resource of key topics, including the environment, global issues and awareness and the animal world, Gale Knowledge Portals are essential student resources for all levels.

## Dynamic online resources: the knowledge portal collection

### GREENR

*Global Reference on the Environment, Energy, and Natural Resources* (GREENR) offers authoritative content on the development of emerging green technologies and discusses issues on the environment, sustainability and more.

A one-stop site, this resource provides news, background information, video, unique commentaries, primary source documents and statistics in highly accessible, visually appealing research areas. GREENR covers relevant categories including energy systems, healthcare, food, climate change, population, economic development and much more.

### The portals to greater understanding

- Country portals covering more than 160 nations
- Topic/Issue portals in more than 150 categories, from animal welfare to wind energy
- Organisation portals providing overviews and links to international organisations

◀ Customisable homepage

## Global Issues in Context

A multidisciplinary resource that empowers users with the tools they need to understand today's world issues from a global perspective.

Issues and countries form the core of this dynamic product, which uses a wealth of resources to explain the historical and contemporary conditions necessary to understand global issues, conflicts and events.

*Global Issues in Context* supports research in virtually every corner of the library and in a wide variety of subject areas, including sociology, current events, civics, politics, science, economics, cultural/religious studies, women's studies, human rights, English composition and many more.

250+ Issues Pages ▲

190+ Country Pages ▶

With more than 250 issue and 190+ country portals, including the unique "perspectives" commentaries and overviews that are an integral part of each portal page, our authors, editors and advisors add to the product daily, constantly increasing its value to researchers.

## Grzimek's Animal Life

The acclaimed 17-volume *Grzimek's Animal Life Encyclopedia* — considered the best and most comprehensive animal reference available today — has been transformed into an interactive, media-rich, community-oriented, online interface.

- **Animals A-Z** — unparalleled coverage of more than 4,000 species (evolution, habitat, behaviour, range and more)
- **Authoritative content** — up-to-date information written and reviewed by the world's experts
- **Course correlation** — across a wide range of subjects including sciences, zoology, and all other animal-related courses
- **Intuitive and credible** — letting kids explore and learn while supporting serious academic research
- **Media rich** — photos, maps, videos, interactive gadgets and more linked to periodicals, real-time news and websites
- **Unique interface** — choose from two interface designs to best meet the needs of your core users

Unequaled coverage of species ▲

## A new evolution of Gale knowledge portals:

- **Continuously updated** content and features
